DETAILED ACTION

REASONS FOR ALLOWANCE

1. Claims 1-16 are allowed.
2. The following is a statement of reasons for allowance:

Applicant's claimed invention is deemed allowable over the prior art of record as the prior art fails to teach a method for computer-aided pulled-flow production management comprising: constructing a nomenclature as a numerical table comprising information relative to links between a finished product and components composing the finished product, constructing a numerical table pertaining to parameters of each of the components, and determining the number of product requirements comprising constructing a numerical table of calendar requirements over a period of time, wherein each component for the components whose descriptor has a kanban step is associated with a numerical table comprising counters C0, C1, C2, C3 and C4.

Citation of Pertinent Prior Art

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The following patents are cited to further show the state of the art with respect to computer-assisted pull flow production management method:

- a. U.S. Pat. No. 5,751,580 to Chi, which discloses fuzzy logic method and system for adjustment of priority rating of work in process in a production line.
- b. U.S. Pat. No. 5,963,919 to Brinkley et al., which discloses inventory management strategy evaluation system and method.
